Trishula's third release is coming with a storming compilation. This release is following the concept of our music direction. Strong psychedelic night time stasers with fresh talents from all over the planet.

Megalopsy is opening with a chill-out opening preparing the ride. Mubali is a new talent from California and one to watch for this year. Dejan & Shenz from France follow with a wicked tune Heu2. Dronebixie and Derango from Sweden are back on this compilation with mind bending psychedelic songs. From Malta Kemic-al gives us more twisting beats. Savage Scream is Mizuki also known from Bugfunk and he takes the beat up to a maximum speed. From Russia with love dark and spooky sounds with a fat bass. Darkpsy from Portugal is a young producer and is closing the dance beats before Megalopsy takes us down with a chill-out track to get back to earth.
