Trishula Records presents its third artist album "Stuck in the oven with me" produced by Procs. Mikael Stegman from Sweden is making music for quite some time now and released tracks with different labels. He has developed his own unique style, psychedelic and twisted with often that "forestfeeling" in his music. Procs is releasing his debut album, which is moving from a bit of 'tech-trance' feeling into strange and more deranged atmospheres. A journey with complex and different rythms, deep synths and floating pads. You can expect a lot of psychedelic and surreal tunes in the music. The album takes you on a trip through different moods.

Nine tracks to surprise your ears and brain while you are stuck in the oven with Procs.
