At the end of its life-cycle the phoenix builds itself a nest of cinnamon twigs that it then ignites; both nest and bird burn fiercely and are reduced to ashes, from which a new, young phoenix arises...

"Phoenix Rising" is the new compilation compiled by Mouka and brings you another quality tracklist with some of the finest underground artists producing true psychedelic music. No compromise just pure psychedelic fun for the dance floor, a compilation with 10 tracks that are made for higher energy levels. The artists involved on the compilation are all in their own way masters of the psychedelia in psytrance music. For this special edition Nemo has made the beautiful artwork for the compilation, a "Phoenix Rising".
